

Pradnya Mandekar

MERN Full Stack Developer

Lonavala, Maharashtra | pradnyamandekar129@gmail.com | 9075309705 | [LinkedIn](#) | [Github](#)

SUMMARY

Motivated and enthusiastic **Full Stack Developer**, with foundational skills in building dynamic, responsive web applications using **JavaScript (ES6+), ASP.Net, HTML, CSS, React.js, Tailwind CSS, Bootstrap, Node, Express, MongoDB**. Experienced in delivering projects that focus on enhancing user engagement and optimizing website performance.

"Having mentored Pradnya throughout her development journey, I've witnessed firsthand her exceptional growth as a MERN stack and ASP.Net developer. Her ability to quickly grasp complex concepts, integrate feedback, and deliver robust, high-quality solutions sets her apart. What impresses me most is her unwavering commitment to improving her craft—Pradnya constantly seeks new challenges, and her projects reflect her creativity and precision. She is not just a talented developer but also a fast learner and a dedicated professional who will undoubtedly make a significant impact in any team she joins."~ Dipalee Thakar, Senior Test Engineer at HCL Tech Pvt. Ltd

PERSONAL PROJECTS

Appointify – Appointment Booking Web App

Developed a responsive single-user appointment booking application with functionalities to create, view, edit, and filter appointments. Built the backend using ASP.NET and C#, with MS SQL Server for robust data handling. Integrated features like checkbox-based filtering and animated modals for profile editing. Hosted the full-stack application on Microsoft Azure for seamless deployment and access.

Technologies: React.js, Bootstrap, Font Awesome, React Router, React Modal, AOS, Animate.css, ASP.NET, C#, MS SQL Server, Azure

E-Commerce Website : Forever E-Commerce Website

A fully functional eCommerce platform, showcasing my skills in user authentication, product management, and payment gateway integration.

Technologies: React.js, Node, Express, MongoDB, Tailwind CSS,

KidsAcademy - Educational Web App

Technologies: React.js, React Bootstrap, Swiper, Google Maps API

- Created a modern, interactive web application showcasing educational content.
- Integrated Google Maps for location-based services and enhanced the user experience with Swiper and animation libraries.
- Achieved 98% responsiveness for mobile and desktop devices.
